Print this coupon for a \$39 plumbing service call. Present it to the plumber upon arrival and let us know where you found our phone number.

**Most Initial Plumbing Problems Can Be Diagnosed in Under 20 Minutes.**

\$39 is all we need to diagnose just about any plumbing problem at your home. We allow up to 30 minutes for that \$39 minimum service call giving you a 50% time padding...just in case. Occasionally the time will exceed that, but you have the power to continue, not us. If we cannot diagnose your home plumbing problem for \$39 all you need to do is tell the plumber in your home that you are not satisfied and you don't owe us one single penny.

**100% Risk Free – No  
Obligation**

We don't know exactly what the problem is until we actually trace it down. Simply guessing what the problem is over the phone is irresponsible and just plain wrong.

**Free Second Opinion** (must have invoice from licensed contractor available for verification)

**Free In Home Estimate for Drain Stoppages**
